web design & development

Oleksandr Klochko

I'm passionate about designing and developing beautiful and converting pages. One of my strengths is that I love and am great at both the design as well as the coding aspects of webdesign. I have been freelancing for a over two years and specialize in anything WordPress, from full site setup and theme creation and customization to minor tweaks.

Skills

HTML & CSS & Bootstrap # Semantic, responsive, cross-browser layout.

JS & jQuery # Writing scripts for DOM events, connecting plugins.

PHP # Working with code, writing simple scripts.

WordPress & Woocommerce # Setup. Writing and editing themes.

phpMyAdmin & SQL # Working with relational database.

cPanel # Administering hosting. Work with domain names.

Tools

Photoshop & Illustrator # Prototype and layout.

TeamWork.com & Git # Common work.

Evernote & Google Docs # Organization and management.

Employment

2015 Dec – current # **Web developer** @ Freelance
Layout – WordPress – Web design

Higher Education

2012 – 2014 # **Biology** @ V.N. Karazin Kharkiv National University
